

ASNA JASMINE S

UI/UX DESIGNER | WORDPRESS & WEB DESIGN

[Portfolio](#) • [LinkedIn](#) • [Behance](#) • asnajasmines15@gmail.com • +91 9487946707

PROFESSIONAL SUMMARY

MCA student and UI/UX design fresher with a strong foundation in Figma-based design, user research, and responsive web design. Skilled in translating user needs into intuitive interfaces through wireframing, prototyping, and visual design. Recently developed practical WordPress implementation experience by building a responsive website, combining design thinking with hands-on web execution. Proficient in HTML, CSS, and JavaScript, with a strong interest in bringing UI/UX design and web development together.

EXPERIENCE

AI/ML Intern — Epic-X Bharat Private Limited

3 Months

- Contributed to the UI/UX design of an AI-powered Trip Planner, translating product requirements into structured interfaces using Figma.
- Collaborated with the development team to refine interface layouts for effective handoff and implementation.
- Designed interface components for an AI-driven travel planning experience focused on simplifying trip planning.

UI/UX Design Intern — Accent Techno Soft

2 Weeks

- Designed high-fidelity mobile UI screens in Figma for a fashion e-commerce shopping experience.
- Applied visual hierarchy, typography, spacing, and layout consistency to create polished interfaces.
- Designed product-focused screens supporting a clear and intuitive mobile shopping experience.

PROJECTS

EduGuide — Career, Exam & Scholarship Assistant

Mobile UX Case Study | Research → IA → UI → Prototype

- Designed a mobile app guiding post-10th/12th students and parents through career paths, courses, scholarships, and government exams.
- Conducted user research through surveys to uncover student and parent needs, structuring findings into personas, user flows, and information architecture.
- Built wireframes, high-fidelity UI screens, and interactive Figma prototypes grounded in user-centered design principles.

EduGuide — Educational & Career Guidance Website

WordPress | Responsive Web Design

- Implemented a responsive educational and career guidance website using WordPress, inspired by the EduGuide UI/UX concept.
- Built and structured website pages — Home, About, course exploration, career roadmaps, scholarship and government exam information — using the WordPress block editor.
- Configured site navigation, homepage settings, site identity, and footer content; tested desktop and mobile responsiveness.
- Applied UI/UX principles including visual hierarchy, typography, spacing, and consistent, student-friendly navigation.

Shopsee — Fashion E-commerce Mobile UI

Visual & Interaction Design

- Designed a fashion e-commerce mobile interface for browsing and purchasing clothing, prioritizing visual hierarchy and navigation.
- Defined layout, typography, and interaction patterns for a consistent, easy-to-scan shopping experience.

EDUCATION

Master of Computer Applications (MCA)

2025 – 2027

Dr. Mahalingam College of Engineering and Technology, Pollachi | CGPA: 8.6
